

User Guide for Cruise ships using “Talippoq” when visiting Greenland

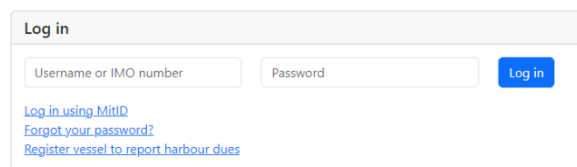

The following steps will guide pursers or other administrative personnel on board cruise ships through the process of submitting information regarding the ship’s arrival in Greenland in the system called *Talippoq*. Based on this information, port tax, PAX tax and environmental and maintenance fee will be charged by the Harbor authority (via your Port Agent, if you use one). The guide falls in two parts: 1) how to create a profile for a cruise ship in Talippoq, 2) how to fill in information regarding the ships visit in Greenland and submit this information in Talippoq. The second part is divided into two sections regarding a) Visiting an official harbour in Greenland and b) visiting a location that is not an official harbour in Greenland.

1. How to create a user for a cruise ship in Talippoq

1. Go to <https://talippoq.aka.gl/login> You will see this front:

A light grey rectangular box with a thin border. At the top left, it says 'Log in'. Below this, there are two input fields: the first is labeled 'Username or IMO number' and the second is labeled 'Password'. To the right of the 'Password' field is a blue button with white text that says 'Log in'. Below the input fields, there are three lines of blue text links: 'Log in using MitID', 'Forgot your password?', and 'Register vessel to report harbour dues'.

2. The first time you log in to Talippoq, you need to register the vessel in the system. You do that from the login front page:

This is the same login form as shown in the previous image. A red arrow originates from the top right and points diagonally down to the blue text link 'Register vessel to report harbour dues'.

3. By clicking “Register vessel to report harbour dues” a new page opens up. Here you type in the following information:

Register vessel to report harbour dues

- Your password can't be too similar to your other personal information.
- Your password must contain at least 8 characters.
- Your password can't be a commonly used password.
- Your password can't be entirely numeric.

Password confirmation

Enter the same password as before, for verification.

Create

1. Type in the IMO-number of the vessel

2. Choose the vessel type from the drop down menu.

3 Type in the full name of the vessel, vessel owner and vessel captain

4. Type in the Gross Tonnage of the vessel.

5. Type in the first and last name of the contact person of the ship. E.g. the chief purser

6. Type in an email address. We recommend using an email *not excluded to a single person* in case of changes in personal of the ship/shipping company

7. Type in a password following the requirements. Repeat the password to confirm.

8. Click "create"

4. You have now created the vessel in Talippoq. This means that you can login from the front-login-page using the IMO-number of the ship and the self-chosen password.

2.How to fill out and submit information in Talippoq

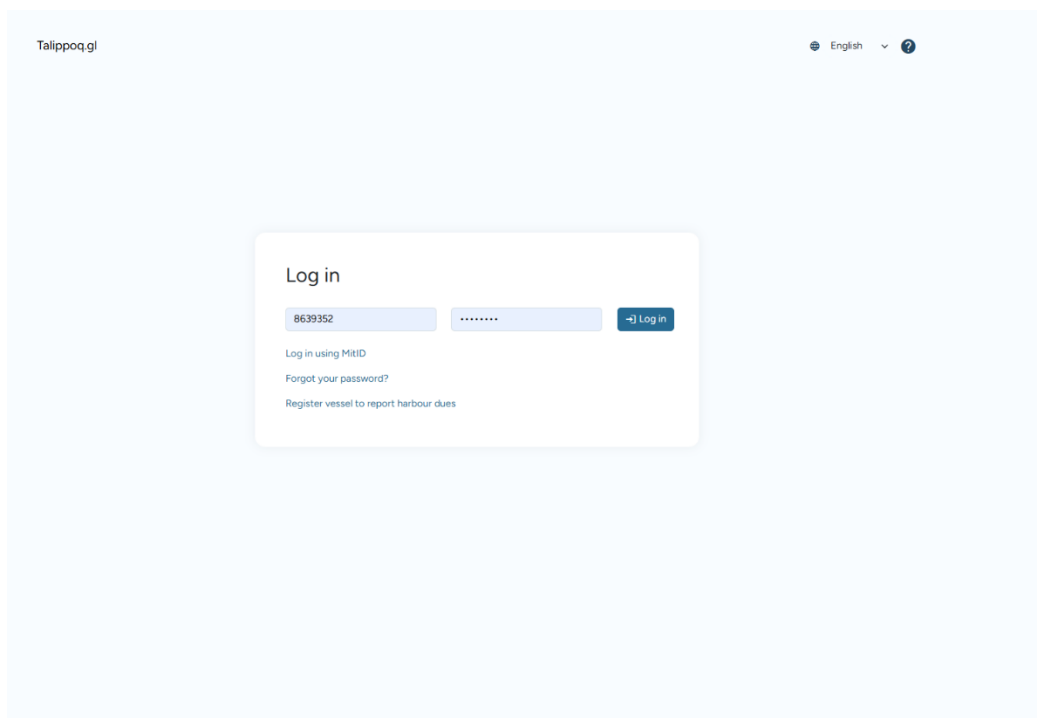

In the following step-by-step guide you will be introduced to the process of filling out and submitting information in Talippoq as a purser of a ship. We follow the vessel “MV Munich”

The user guide explains two scenarios: 1)Visiting a harbour in Greenland and 2) visiting a location, that isn’t an official harbour.

2a. Visiting an official harbour in Greenland: How to register harbour dues

Scenario: The ship makes a disembarkation to an environmental and Maintenance (Aappilattoq) and a call to a port (Narsaq) afterwards. Both disembarkations must be submitted on the same submission as described below.

- 1) Go to talippoq.aka.gl/login and login with IMO-number and password.

The image shows a web browser window with the URL 'Talippoq.gl' in the top left corner. In the top right corner, there is a language dropdown menu set to 'English' and a help icon. The main content area features a white 'Log in' form box. Inside the box, there are two input fields: the first contains the IMO number '8639352' and the second contains a masked password '.....'. To the right of these fields is a blue 'Login' button with a right-pointing arrow icon. Below the input fields, there are three links: 'Log in using MitID', 'Forgot your password?', and 'Register vessel to report harbour dues'.

2) As soon as you log in as a ship, you see an overview list of all of your submissions.

1. Choose your port of call from a drop-down menu. If you don't visit a port at all but another area in Greenland, such as a nature site: tick the “no port of call” box. See example further down.

2. **IF** you use a port agent during your visit in Greenland – choose the agent from the drop-down menu.

3. Add expected arrival and departure time and date.

4. Fill in the total number of passengers on board the ship at the time of the call. (500)

5. Distribute the total number of passengers on their specific nationality. In this case, “MV München” has passengers from:
Japan (200)
Malaysia (200)
Australia (50)
Indonesia(50)

6. Environmental and Maintenance Data:
Choose the Port of call (Narsaq) from the drop down menu.
Fill in the number of passengers on board at the time of arrival to the port of call. **(500)**

7. If the ship has made disembarkation to land at any of the listed locations before reaching the Port of call, you must fill in the number of passengers on board the ship at the time of this disembarkation.

In the case of “MV München”: The vessel made a disembarkation of passengers in Aappilattoq. Fill in the total number of passenger onboard at the time of disembarkation I Aappilattoq (500)

8. Click on “forward to agent”. Hereby you send the submission to the port agent chosen above.

- 4) By clicking “Submi” you have now forwarded the submission to your agent. On this page you can see the details of your submission as follows:

6) Your Port Agent will charge you the total amount due and pay the fee on your behalf to the Greenlandic authorities.

2b. Visiting a location that is not an official harbour in Greenland: How to register harbour dues

Scenario: The ship only visits an environmental and maintenance location, meaning it doesn't reach one of Greenland's 19 official harbours. In this case, the ship only has to pay Env. and Maintenance fees. An example could be: Ship coming from Canada, disembarking passengers in Tasiusaq, south Greenland and then heading to Iceland.
